CONVENTION CALLED.

Strikers to Meet Friday to Consider Offer of Operators.

MITCHELL PERFORMS PLAIN DUTY.

It Is For the Men Themselves to Say Whether They Are Willing to Return to Work at Terms Proposed - Strike News.

Hazleton, Pa., Oct. 8.-President Mitchell at 10:05 a. m. Issued a call for a convention of mine workers of the three districts comprising the anthraclte field to meet in Scranton Friday. The text of the call is as follows:

To ail miners and mine employes of the antiraclte region: Brothers-In view of the fact that the mlne operators have posted notices offering an advance in wages formerly paid and belleving it our plain duty to consult your wishes as to our future action, we deem it advisable to ask you to select delegates to represent you in convention. You are therefore notified that a convention will be held at Scranton, Pa., beginning Friday, Oct. 12, at 10 a. m. The basis of representatlon will be one for each 100 persons on strike, or if desired one delegate may represent as many as 560 mine workers; but no delegate will be allowed to cast more than five votes. Each delegate should have credentials signed by the chairman and secretary of the meeting at which he is elected, and wherever possible credentials should bear the seal of the local union.

President Mitchell refused to say anything as to what the convention would probably declde to do in the matter of the 10 per cent net increase. Nelther would he antleipate what business other than that relating to the advance in wages would be brought before the delegates. It is not unlikely that the abolishment of the sliding scale will come in for some consideration. None of the labor leaders here wlll publiely say whether the increase will be accepted or rejected, but there is a strong belief that the men in convention will vote to go back to work.

Notices of 10 per cent advance in wages and a reduction in the price of powder were posted by M. S. Kemmerer & Co., operating the Sandy Run colllery and Coxe Brothers & Co., operating slx collieries.

G. B. Markle & Co., Calvin Pardee & Co., Dodson & Co. and the Sliverbrook Coal company are the only companies hereabouts that have not yet offered their men an increase. These four coneerns employ 4,000 men.

Fears Unfounded.

Hazleton, Pa., Oct. 8 .- In anticipatlon of marching by the strikers each of the dozen or more colilerles in this district still in operation in a more or less crippled condition was virtually an armed camp during the night, but the expected dld not happen and the peace of the community remains uudisturbed. It was the uneaslest morn lng that Hazleton has experienced since the strike began. In addition to the concentration of sheriff deputles in this elty every colliery in the region had extra forces of coal and Iron poliee fully armed. There was no marching of large bodles of men, but erowds of strikers gathered as is their custom every week-day morning in the vicin ity of the various collieries that remain in operation. The greatest erowd, which numbered probably 300 men, ussembled in the neighborhood of Cranberry colliery of A. Prdee & Co. on the outskirts of this city. Quite a number of workmen on their way to this mine were turned back, some through fear and others through persuasion. The gathered in the vicinity of No. 3 slope and No. 40 shaft of the Lehigh Valley Coal company in Hazleton, but no disturbance occurred.

No Change In Lykens Vulley. Harrisburg, Pa., Oct. 8.—There is no change in the strike situation in the Lykens valley. The 1,200 mlne employes at Lykens and Wisconisco are stlll out and their leaders say they will not go back until the strike is declared off. The Williamstown colliery la working full time with nearly 1,200 men and boys on the rolls. The organlzers of the Mine Workers' unlon have abandoned hope of organizing a union at Williamstown and have left town. The employes of this eolliery have been working steadily for many years and they have refused to have anything to do with the 'on or the strike. Both eoilierles are controlled by the Pennsylvania rallroad company.

FIGHTING FOR LIFE.

Youtsey's Attorn ys Int pose a Series Of Technical Motions.

Georgetown, Ky., Oct. 8.-The 15 men from Bourbon county summoned under a special venire were in the court room when the Youtsey trial was called Monday. The first man called was accepted by both sides and the jury was complete. The jury was sworn and V. F. Bradley made the statement to the jury for the common-

Colonel Crawford for the defense moved to discharge the jury on the ground that the jury is not composed of bystanders, but summoned from remote parts of the county; that the jurymen are all Demorcrats and as the erlme charged involves politics to a large extent the defendant cannot expect a fair and impartial trial from such a jury. Youtsey filed two affidavlts in support of the motion. The motion was overruled, the court holdlng that the political complexion of the jury had nothing to do with the case, Youtsey being on trial for murder, not for a political offense.

Mr. Crawford filed another motion to require the commonwealth to elect whether It would try Youtsey for actuaily firing the shot or for aiding and abetting the man who dld fire the shot. Court sald that was a matter of which he had no control and the attorneys could confer concerning it. Mr. Franklln sald theeoinmon wealth slmply wished to try Youtsey under the Indictment and let the jury say whether he fired

The jury was brought in and Mr. Crawford filed a demurrer to the indictment on the ground that it named no one as firing the shot and that it dld not sufficiently describe the offense eharged against Youtsey. Court took the demurrer under advisement during the noon recess.

Judge Cantrill overruled the demurrer to the indictment to which defendant excepted. The list of the commonwealth's witnesses being called, showed 37 present and 54 absent; wltnesses for defense seven present and 53 absent.

Mystery Surrounds Death of Heavily Insured Young Woman,

LEFT ALL TO AFFIANCED BUSBAND.

Belleved the Glrl Expected to Feign Death and That a Corpse Would Be Substituted-Her Death Was Real - May Be Murder.

Chleago, Oct. 8 .- With Insurance upon her lite amounting to \$12,000, Mar.e Defenbach, aged 23, died Aug. 25 in a boarding house on Lasalle avenue onder conditions which the police believe indicate a plot to swingle an insurance company and two insurance frateinities, if they do not point to murder.

When Miss Detenbach died there were three policies on her ille aggregating \$12,000, all of recent date as 101lows: New York Life Insurance company, \$5,000; Canadian Order of Foresters, \$5,000; Knights and Ladies of Honor, \$2,000.

It is believed that a conspiracy was concocted and that Miss Defenbach was originally one of the quartette of aileged conspirators; that she expected her death was to be felgned and another body was to play the passive role of her corpse; instead of that, real death came to her.

Last April, Miss Defenbach applied to the New York Llfe insurance company for a \$10,000 polley. This was rcfused as was also an application for an \$8,000 policy on the ground that she was not possessor of sufficient property to warrant so large a risk, although she was examined and declared to be In perfect health. in July she succeeded in obtaining a \$5,000 policy.

In August, Miss Defenbach secured \$5,000 insurance In the Canadlan Order of Foresters. About the same time she took out a \$2,000 polley in the

Knights and Ladles of Honor. Two weeks later she was dead, leaving a will which directed that a part of the policles should be pald to Frank H. Smlley her "afflanced husband" and that her body be eremated. Her death, at a boarding house in Lasalle avenue was attended by the most horrlble agony. Drs. Leonard and Schroeder. the latter representing the Knights and Ladles of Honor, were called. They refused to Issue a certificate of death, but the coroner's jury later, and after the body had been embalmed, found a verdict of death from dysentery. The next day the body was eremated and the ashes were scattered to the winds. Without much delay proceedings were begun to seemre possession of the pollcles Miss Defenbach had left. Owing to the unusual circumstances surrounding her death the hurrled embalming of the body followed next day by cremation, payments of the policles were refused and immediate steps were taken to trace the woman's career during the last few months of her life.

An unusual incldent is connected with the making of Miss Defenbach's wlil. Aug. 21, Miss Defenbach called at the office of a lawyer named Johnson in the Unity building and told hlm she wanted to make her will. Some days earlier, It Is stated, Dr. Unger told this lawyer a woman would cail on him for this purpose and she announced she had come in accordanee with the appointment. She toid Mr. Johnson she wanted to leave her property to Frank H. Smlley, her nfflanced husband, and then she went away. Two days afterwards she returned and Mr. Johnson had the will ready. It provided, as she had instructed, that after her debts were pald her property was to go to Smlley, but serted. It was that after death her body should be eremated. This some. what surprised Mr. Johnson, as he could not understand how a young and handsome glrl would wish her body with her request. He was so struck with the circumstances, however, as the eremation clause had not been in the original instructions, that he cailed witnesses to the will from adjoining offlees as a matter of protection. Miss Defenbach signed and executed the document. Two days later she dled.

ABSOLUTELY UNTRUE.

Biltebell Again Dames Strike Was Begun For Political Purp se.

Pottsville, Pa., Cet. 8.—Interest ia the great anthraclte strike throughout the lower coal belt revolved entirely around the proposed convention of miners called by President Mitchell.

Missionary work has been begun in Panther Creek valley in earnest und John Fahey, president of this district declared: "There is not the slightest toubt about the men of Panther Crack vailey going out. Of that I am certain." When these miners strike fully 140,000 men will have laid down their mlning tools and the tle up will be practically complete.

There are still reports that the strike was started for political purposes and President Mitchell, discussing these reports, sald: "The coal companies have shot shafts at me alleging that the strike was in the interest of political parties and the bltumlnous regions. I hope that no one will believe such charges. You will go on digging coal, It doesn't matter what political party controls the government. The charge is absolutely untrue."

Statement by Wilson.

Indianapolis, Oct. 8.-W. J. Wilson, secretary-treasurer of the United Mine Workers of America, Issued a statement lu which he says in part: "All of the coal operators having now conceded an advance in wages, It can be truthfully sald that the miners of the anthraclte region have achieved a great victory. Yet, the dispute is not settled, nor will it be even though the miners accept the proposition of the operators and return to work. The sllding scale, dockage, semi-monthly payments and other grievances compialned of the mlners have not been considered in the proposition of the operators and the advance in wages is so complicated with the reduction in the price of powder, that many of the mlners do not understand it. Under these elecunstances the surest and best method of securing a settlement and establishing permanent peace would come from a meeting of the operators with the authraeite miners when they meet to consider the offer of the coal companies."

Better Feeling at Wilkesbarre.

Wilkesbarre, Pa., Oct. 8.-The operators issued a statement saying affairs are in better shape in the Lehigh reglon. Collleries are working that were idle the better part of last week. Presldent Mitcheil's call for a convention Is looked upon here as the beginning of the end of the strike. There is a better feeling and the strlkers are jubliant over the prospect of an amleable settlemeat of the difficulty. The Delaware and Hudson company posted notices of 10 per cent Increase. The Susquehanna Coai company which operates the mines at Nantieoke is still hoiding out.

BOURKE COCHRAN ON JEFFERSON AND McKINLEY.

"Jefferson took territory to avoid war; Mc Kanley is making war to take territory. Jefferson took contiguous territory to do justice and avoid the provocations of war in the future; McKinley is taking useless and remate territory, which, if he succeeds in satisficing, will cause future contests without wumber. Jefferson took territory to incorporate into a union of states and extend over it the beneficent influence of our Constitution and the glory of our Mag; McKinley is seizing territory, not to expand our Constitutional government over it, but to turn it over to officeholders, to be exploited and plumlered by syndicates and jornites "

The negro vote is whooped up for the Republicans on the plea that theirs is the party of freedom, but they will have all kinds of deficulty in arousing the negro to a high pitch of enthusiasm on that plea this fall, in view of the fact that Mc-Kinley recognized the institution of slavery in a treaty with the Sultan of Sulu, and guarantees that slavery will be protected on that island, over which our flag floats. It the Republican party has so far retrograted from the ideals of Lincoln as to recognize and protect slavery in Sulu how long will it be until it will forge the chains of slavery upon the black man in this country?

Since Teddy Roosevelt is to appear in Maysville as the Republican's star attraction, we have no desire to show him any disrespect and we refrain, from the present, from analysing his logic and showing its sophistry. But in a most friendly and confidential manner we would advise those who are attracted to the vicinity of this hippodrome to have due care of their personal safety, and by all means stand with your faces towards Teddy until his car shall have disappeared around Sullivan's point, for in the event you turn your back towards him he might "shoot you dead" as he did that retreating Spaniard.

THE REPUBLICAN PARTY,

Not He, Has Flopped, Says Royse, a Prominent Indianian-Opposes McKinley's Criminal Aggression.

ELKHARDT, IND, October 6.-Republicans of this section are chargined at the desertion of Cyrus D. Royse, who was one of their leading candidates for nomination in the Congressional convention two years ago.

"They say that you have flopped," suggested a correspondent to Mr. Rayse today.

"No. I have not flopped," replied Mr. Royse. "It is the Republican party that has flopped. I stand right where I did, against criminal aggression, when I applanded McKinley for taking that stand. But when he reversed his policy, at the suggestion direct from Lord Salisbury, I am told, I could not follow him, and am a man without a party. When, during the Spanish war, we were raising flags at various parts of the country, I warned the people whom I addressed against the spirit of conquest and subjugation that was so apt to follow success at arms. I approved the war to drive Spain from the Western Hemisphere, but I declared then, and I stand by what I said, that this country should not forget the teachings of the founders of our republic nor the principles of human liberty that prompted their action. I certainly can not support the Republican party under present conditions."

Mr. Royse is one of the city's wealthiest citizens. He is the chief owner of the Elkhart Gas, Light and Coke Company, and has large landed interests. He was for many years a prominent figure in the legal department of the Lake Shore and Michigan Southern Railway Company's management.

The existence of so many institutions of the devil proves the greatness of the demand, and the fact that some one must support them. LADIES' and MISSES' TRIMMED HATS

Our stock of French Pattern Hats is now complete. We are showing a greater variety of styles this season than ever before. Our success in this department convinces us that ready- to-wear millinery has come to stay. The hats we show are patterned after the very latest styles shown in the larger cities of the East, and it stands to reason that, being purchased in such large quantitles as we buy them, they can be sold very much cheaper than you will find em elsewhere. You may have some prejudice against buying a ready-to-wear Trimmed Hat. Examine ours and we believe you'll change your sentiments. Prices \$1.75 to \$5.98.

REAL EXCELLENCE IN DRESS GOODS.

Critical and rellable judges have pronounced our Fall Dress Goods stock the best ever shown in this community. The semi-annual visits of our buyer to the Eastern markets make the above assertion appear merely as a reasonable expectation. The very latest fabric creations are displayed here. In blacks you'll find the new Sailn Cloths, Soliels, Lizard Cloths, Clay Worsteds, Cheviots, Venitians, in prices from 69c. to \$2.25. And then, too, those Camel's Halr Golf Cloths, Plaids, Knickerbockers, Zibelines, &c., from 29c. to \$1.98. It's a stock worthy of your Inspection. You need not buy.

NEW MERCERIZED UNDERSKIRTS.

We haven't the space to say much about them. Briefly, they're the best we have ever shown. Nearly all come with large accordion plaits. Prices from 89c. to \$4.98. Blacks and all colors.

Dodging a Mob.

Ed. Moran, a young man about twentyfive years of age, who resides about two miles from Bethel, Bath County, was brought to Mayaville on the L. and train last night and lodged in jail here to avoid shooting and killing an old man named Bob Scott, yesterday, about a mile out of Carlisle. Scott resided just this side of the Carlisle tunnel.

There are conflicting reports as to how it occurred. One report is that Moran was shooting at Scott's dog, when Scott ordered him to cease, whereupon Moran said, "I'll try yon," and shot him. Another story is to the effect that Moran and Scott were riding along together on horseback when Moran yelled for Bryan, whereat Scott yelled for McKinley and struck Moran over the head with his cane and then was shot by Moran.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy mount and the seminate a changic invalid spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardul is obtainable. It rehabilitates the

shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga,

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.

After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardul and Black-Dranght. I am thankful for what the medicine did for me, and I am now in better heaith than I have been for a long time.
